COMMENTS FROM THE TOWN MANAGER'S OFFICE

Residents are again reminded that Monday, May 15, will be Bethel's Annual Clean Up Day. Highway Department crews will be picking up refuse placed at roadsides in all parts of town on that day. Items such as leaves, etc., should be placed in disposable containers and brush should be tied in bundles. Waste materials should weigh no more than can be lifted by two people.

Residents should also note that burning permits are required for the burning of brush or grass. Permits may be obtained from Fire Chief Bob Davis and Assistant Chiefs David Myers and Bernie Rice. We urge extreme care with outside burning as conditions are very dry even though spots of snow remain in some locations. Fishing licenses can be obtained at the Town Office, Monday-Friday, between the hours of 8 a. m. and 5 p. m. Adult resident season licenses are \$7.50 and combination licenses are \$12.50.

The Board of Assessors is still continuing field work for setting 1978 valuations. The Board met Monday evening at the Town Office and Orin Sprague and Joseph Harvey met with the Board to discuss acreage questions about their respective properties.

LIBRARY OUTREACH PROGRAM WEEK OF MAY 30 - JUNE 3

Plans continue to go forward for the Bethel Library Outreach Program "A Time to Pretend," which will be held during the week of May 30 to June 3. Films have been ordered from the State Library for the week day programs which will involve each class at Crescent Park, Ethel Bisbee and Locke Mills schools. Helen Varner has been signed on as a story lady for some of the programs and program coordinator Malinda Crutfield is busy preparing puppets and Armand Couture of Errol, N. H., is a possible addition as a folksinger for other programs.

The Celebration Mime Trio has been secured for the Festival's Fair set for June 2 and 3. The early afternoon, This well-known group from South Paris will present a 45 minute show of "Pinocchio" beginning at 1:30 on the library lawn. Other developments of the Fair include the cooperation of elementary art teacher, Audrey Taylor in creating a festive atmosphere visually, and the addition of a second-hand book stall, featuring children's books. Donations may be left at the library. Coordinator Cathy Newell is still looking for a group interested in selling nutritious refreshments, possible musical and other entertaining performers.

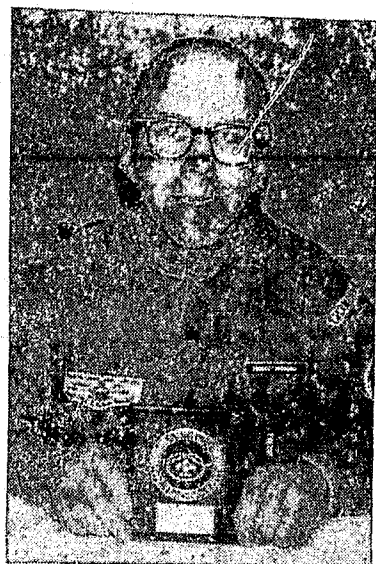

The Festival, which has already won 1st prize in the Maine State Museum's Outreach contest—gaining 135 new books for the library, has been planned as a simple, low-cost event. Funding for the Celebration Mime performance will be through private contribution, matched by the library trustees. Any individual or business wishing to contribute financially should contact Virginia Keniston or Cathy Newell.

BETHEL CB CLUB MEETS TONIGHT

A penny auction will be held at this month's meeting of the CB Club tonight in the Bethel Savings Bank community room at 7:30. Instead of the mystery box there will be a half and half drawing.

Where can you go if you don't know where you have been? Preservation is not primarily concerned with the history of great men and women whose past is found in books. Instead it is more concerned with the story of people who settled the land and created a special environment. It is the story of great grandparents, parents, and ourselves—how we lived, worked, worshipped, and played. This history is found around us—on our streets, houses, churches, factories and parks. All of us care—for ourselves and children. Once lost, and much is already gone, it can never be recreated.

Annual District Meeting
Scheduled for Tuesday, June 6

— Mrs. Colista Morgan, Corres. —
It was evening, flat wavelets speckled the channel, flicked by a tiny breeze. I sat by my kitchen window waiting for my coon to come for his evening meal.

My camera was ready. Imagine my surprise, when just at dusk, I saw a white flash, turned on my light, and ambled out of the shadows looking somewhat like a shadow himself, appeared a skunk, more white than black. His whole attention was on food. He sniffed his way along and was perhaps a little nervous. At first he crunched away at some seeds. The light and flash of the camera bothered him not at all. After checking the area for bugs he began to eat the bit of meat from a bone. I remained still and watched with no idea that the coon would now come. About 10 minutes passed and I sat at ease taking a few more pictures.

Suddenly a dark shadow appeared and turned to look directly into the light. The coon! How beautiful he was! I fully expected the skunk to wreak havoc with his chemical weapon; for he raised his tail. But our Dr. Jeckyl-Mr. Hyde did no such thing. As the two neared each other, I became mesmerized. Click, went my flash getting the two together (I hope). Away went the coon and did not return again until sometime in the night. Skunk ate his fill then ambled away.

They returned the next evening; skunk at 7:15 and coon at 7:30. This time coon galloping in, snarled and skunk moved out. I waited; this time with my light on the spot and my window open so that I could get a picture without taking it through the glass. Skunk returned, and again I snapped a picture. Coon was again afraid and did a repeat of the previous night. The third evening they reversed the time. They must have become accustomed to the lights or flashes and regular visitors and provide a good evening show.

If a skunk takes up residence on your property, don't panic. If he is left alone, he will become a good neighbor. Given a choice he'd choose a diet of insects and bugs. He is a nocturnal animal and is superbly equipped to roam at will. His eyes are weak, but his nose is extremely sensitive. Even though his ears are small, he can detect the slightest rustle. He lifts his tail, stamps his feet; but unmolested minds his own business. Each evening I have noticed he moves away at the passing of a car or any other disturbance. He seems to be willing to live and let live—a peaceful animal; beautiful and interesting to watch.

These two were a thrilling sight and a delightful reality of the wilderness.

Animals are such agreeable friends—they ask no questions, they pass no criticisms.

Not many news except the talk of weather. How cold and windy it stays!

Northwest Bethel

Clarice Gibson, Corres.

The first day of May and it is splitting snow! It also split snow on and off Sunday. Saturday was such a beautiful day one began to have hopes that spring had come; but, as someone said Sunday evening when I was talking to them, "I put up my flannel nightgown; but I think that I will get it out again."

Tommy Gibbs was honored April 19 at a birthday supper at his parents, Mr. and Mrs. Guy Gibbs. Also attending were Mr. and Mrs. Danny Gibbs.

Eddie Smith was around Saturday collecting for the cancer drive. I am afraid that not many of us have not had someone we know and love brought down by this dreaded disease.

Mr. and Mrs. Frank Benson went down this last week end to their son and family in Augusta. Mr. and Mrs. Frank Benson Jr. and Frank Jr., took his parents to Belgrade and gave them a tour of the lumber mill.

We have had two new additions on our road. The 26th Mr. and Mrs. Ricky Seames became the proud parents of a baby boy born at 3:58 a. m. and his sister Dawn's birthday was the 25th so he just missed her second birthday. Ryan Alan weighed in at 8 lbs. 14 oz. Mr. and Mrs. Tommy Gibbs are also the proud parents of a baby girl born the 27th in the forenoon. Heather Lynn weighed in at 7 lbs. 15 oz., and as her father's birthday was the 19th, missed by eight days.

The two mothers, Debbie and Linda, shared a semi-private room at the hospital.

Mr. and Mrs. Dick Angevine took their four children Friday to the Chicken Coop, Mexico for supper. Saturday the whole family went to Lewiston, shopping.

Mr. and Mrs. Dick Angevine and Sheri went to Rumford Community Hospital to see Gramma Abbott.

Clarice Gibson and Roberta Saunders went to Berlin Saturday afternoon.

Roberta Saunders, David Hunt, Bethel and Dennis Smith and Susan Perry, East Bethel, went out to a movie Saturday evening.

Mr. and Mrs. Jim Pelzel were Saturday evening guests of Mr. and Mrs. Everett Saunders.

Mrs. Macky Chapman and Mrs. Pat Anderson were amongst the women who left Friday morning for the Christian retreat at Groton, Mass., at Grotonwood. They came back Saturday night.

Mr. and Mrs. Robert Stearns are the grandparents of Ryan Alan and took care of Dawn, while Debbie was in the hospital.

Melinda Mason, daughter of Mr. and Mrs. Charlie Mason had her

East Stoneham

Gladys Kilgore, Corres.

Congratulations are being extended to Mr. and Mrs. Tommy Barker, who were married at his home here Saturday afternoon by Mrs. Halie Harriman, Justice of the Peace. A reception was held for the couple at the Veteran's Hall in Norway Saturday afternoon.

Mr. and Mrs. Pinkham of Boothbay, visited her parents, the Dwight Grover's over the week end.

Mr. and Mrs. Arthur Guoin of Norway were supper guests of her mother, Helen Grover, Sunday night.

The Daughters of Veterans met Wednesday night at the town hall with sixteen present, including visitors. Candidates, etc. A nice lunch was served after the meeting by Mrs. Elizabeth Stearns and Minerva Dudley.

Mr. and Mrs. Leonard Doughty and Peter Lombard spent the week end in Rockport at the Treadway Samoset Hotel.

My brother and wife of Bethel visited me Saturday. Vera is looking and feeling much better. It was nice to see her again.

The bookmobile was in town on Monday.

The North Lovell Grange is having a pancake breakfast May 13 for the benefit of the Stoneham Rescue Unit.

13th birthday May 1. She has been sick with the flu so will be celebrating later.

Mr. and Mrs. Lester Butters took his sister, Mrs. Vera Parker to Norway for a check up.

Billy Shimamura, son of Mr. and Mrs. Joe Shimamura, went with the Young Life Group to Cape Cod. They left Friday and came back Sunday afternoon.

Mr. and Mrs. Joe Shimamura and Jody went something both Friday and Saturday nights.

I took Ira to Norway Friday afternoon to help his grandparents Mr. and Mrs. George Allen and they brought him back Sunday afternoon.

Sunday my nephew and family from Oxford, Mr. and Mrs. Ben Tucker III and Ben IV came for supper and the evening.

Any housewife, no matter how large her family, can always get some time to be alone by doing the dishes.

(Bethel Emergency Ambulance & Rescue Service)

Have you ever wondered what training people on ambulance duty have? In the State of Maine, it is required that you satisfactorily complete a 52 hour course in Advanced First Aid and Emergency Care, plus C.P.R. annually. You are then eligible to be licensed as an Ambulance Attendant. This course is offered several times a year in this town. You do not have to be on the ambulance to take this course.

If one is interested in furthering their knowledge and skills in Emergency Care, there are further training courses available. Such as the 31 hour E. M. T. Course, which includes 10 hours spent in an Emergency Room of the hospital of your choice. Satisfactory completion of this course entitles you to be a Maine Ambulance Medical Tech.-Ambulance. By taking a National Registry Test and passing you become a Registered Emer. Med. Tech.-Ambulance.

Also courses in Extrication (removal of patients from vehicles). Our local Bethel Ambulance personnel keep up to date on these skills by training at regular monthly meetings. This keeps them in practice and a chance to cover new techniques.

These are only a few, but all of these training courses are done in free time and with no monetary compensation.

So rest assured, Ambulance personnel are well trained in the First Aid Care of the sick and injured. Our roster has 24 active Ambulance Attendants of which six have become Nationally Registered Emer. Med. Tech.-Ambulance. We hope to have more in the future.

Safety Tip of the Week
Consider enrolling in a future First Aid Course. Learn what to do for your family, friend or stranger in an emergency situation. Remember, the knowledge and skill you learn today could save a life tomorrow!

NOTE OF THANKS
We would like to say thank you to all our customers who receive the Sunday Telegram. A special thanks for being understanding if the paper was late for one reason or another. We appreciate all of you and will miss you, Bill Shimamura, assisted by Joe and Jody Shimamura will be taking over. I hope you show them the same courtesy that we've received in the past. God bless you all.

CHILDREN'S CENTER

Even though winter has paid us another visit this week we still have our fingers crossed that spring will come back and stay for awhile — hopefully longer. The "new" winter however has not effected the children's outside activities. They can play with a new wagon, bike and many other new toys.

Thursday we will be going to the Rumford playground. The children are very excited about the trip.

During activity period the children are playing with a homemade twister game which Solai Buchanan brought us, painting at the easel, water table, and cutting and pasting spring pictures.

Our Star of the Week is Solai Buchanan—one very proud girl.

The cook's position at the center is open and all are welcome to apply if interested. There are some SPEDY counseling positions open and if you would like to apply contact Saundry Cohen at 364-5721. May 8 is the deadline for Summer Day Camp applications, so please get them in if you are interested in day care.

ROBERT CRANE ASSOCIATES

ARE NOW AFFILIATED WITH
 THE SETTLERS CORPORATION
 Robert Crane Associates has be-
 come the exclusive representative
 of The Settlers Corporation serv-
 ices in the greater Bethel, Andover
 and Stoneham areas. Settlers
 advertises its brokers' listings
 throughout the country, screens
 inquiries and provides weekly
 lists of prospective buyers to
 brokers.

"This affiliation vastly increases
 our ability to reach people all over
 the country who are interested in
 buying in this area," Mr. Crane
 noted.
 Crane added that because its
 Settlers affiliation provides na-
 tional exposure for its listings in
 the area, sales are expected to
 increase dramatically. Properties
 will be advertised in major news-
 papers, key magazines, special in-
 terest publications, and pertinent
 print media throughout the
 country.
 Robert Crane Associates has
 offices in Bethel and Lovell and
 has served the area since 1971.

WALKING WITH JESUS CHRIST
 Imagine a trip to a happy place
 where there is song—laughter
 and merrymaking in abundance—
 and to get there one needs a guide
 to follow—because he knows the
 way and he can show the points
 of interest—where also are the
 pitfalls to avoid, you realize you
 must depend on him and trust your
 guide as you wend your way
 through a maze of obstacles to
 finally arrive at your destination.
 A person can find his way
 through life when he lets Christ
 be his guide—a child of God
 knows the pathway is not easy to
 find and to avoid pitfalls he keeps
 his spiritual eyes on Jesus, by
 prayer, daily reading His Word;
 meditating on it.

A Christian in daily communion
 with his Master avoids the normal
 problems that befall man—and if
 problems do arise he knows how
 to deal with them. He finds there
 is no need to walk around and
 "around the mountain" as the
 Israelites did for forty years on
 their way to the promised land—
 when they could have walked it
 in eleven days!

To walk with Jesus Christ is a
 delight—on the banks of the river
 of life are green trees and all
 manner of fruit—it is pleasant and
 enriching for the soul.
 Ps. 25:4 "Show me Thy ways, oh
 Lord; teach me of Thy paths"—Vs.
 5 "Lead me in truth and teach
 me: for Thou art the God of my
 salvation; on Thee do I wait al-
 ways." Vs. 10 "All the paths of
 the Lord are mercy and truth—
 of whom shall I fear?"

When Jesus prepares the way
 the only map needed is the Bible
 —His Holy Word. In it is advice
 and directions for every circum-
 stance—we have only to heed and
 trust Him. Yet how often we fail
 to listen and "kerplow" we fall in-
 to the mud—but, "Praise the
 Lord," He is ever ready to lift us
 up and put us on solid ground.

With Christ as our guide—He
 not only leads but lights the way—
 We have only to "trust and obey,
 for there is no other way." We
 should never be weary—but re-
 main in fellowship with the
 Saints, the true believers—holi-
 ones—for in them we find courage
 and strength to carry on.

There is no other way but to
 follow Jesus Christ—only He can
 be trusted—There is none other
 for it is He who waits for us;
 "Then shall the King say unto
 them on His Right Hand; "Come,
 ye blessed of my Father, inherit
 the Kingdom prepared for you
 from the foundation of the
 World." Matt. 25:34.

GRAPEFRUIT POWER?—Alan
 Dunham and Tim Tracy are fight-
 ing the energy crisis by develop-
 ing fruit and vegetable cells (bat-
 teries). They are determining the
 amount of current and the voltage
 that can be produced by fruits
 such as apples, grapes, lemons,
 oranges, grapefruits and limes;
 also vegetables such as potatoes
 and carrots. The chemistry stu-
 dents at Telstar also determine
 whether or not they themselves
 could be called by placing elec-
 trodes in their mouths and check-
 ing the current flow on an ammeter.
 Guess what? We are all poten-
 tial batteries!

FRANKLIN GRANGE OBSERVES OPEN HOUSE ON APRIL 24

Franklin Grange #124 held an open house session at their hall on April 24. Sixty-eight friends and members gathered for the program.

The Grange believes in participation so all sang the Welcome Song then the Master, Richard Pelt, gave the address of welcome. The History of the Grange, written by Ethel MacKenzie and read by her with Harris Hathaway adding on a bit more of the work of the Grange. Charlotte Cole, Richard Pelt and Carl Brooks favored the group with harmonica and bone music. Ruby Emery talked on "How the Grange was of interest to the feminine side of the Grange."

At this time the Master, Mr. Pelt, presented Larry A. Whitman with an Honor Certificate for one who has been very active in the town, having been active in sports himself and later helped promote healthy sports for the youngsters in town. He has been selectman, fire chief, still is chief and has many more achievements in making this place better.

Mr. and Mrs. Rudy Royer favored the group with beautiful music on the violin and piano. A game, passing a hot potato, was had for the youngsters and some older members depicting that the youth and their elders can have fun together and enjoy it in a healthy manner; reading "My Little Blanket," an original poem was read by Verna Swan; skit, "Too Busy," was played by Carl and Lettie Brooks and Olive Davis; everyone sang "In the Garden"; newspaper readings were read by Harris Hathaway, Carl Brooks and Richard Pelt; a musical romance was read by Lettie Brooks; songs were played by Olive Davis while the audience guessed the name of the song which fitted into the story; closing thought by the Lecturer, Rudy Royer, music accompanied by Mrs. Royer, the piano. The flag was retired and the Bible closed before leaving the room.

After the program the visitors and members retired to the dining room where all enjoyed refreshments which were served by members of Franklin Grange with Lettie Brooks and Edith Hathaway heading the committee.

VIEW FROM OLD SPEC

As a fitting capstone to the prolonged winter just passed, a group of four from the Bethel area made a sojourn into the Mahoosuc Range beginning Sunday afternoon, April 16, at the base of Old Spec in Grafton Notch and ending two days later on the Sunday River road in Newry. And in contrast to the appearance of spring in Bethel proper, the party were able to return to winter conditions reminiscent of the storms of a few months previous. Making the trip were Marc Packard and Kurt G. Brown of Bethel, Raymond Wirth of Andover and Randall Bennett of Bethel and Rumford.

With a decided lack of wind on all three days, the event proved to be ideal for observing the natural grandeur of this area, location of Maine's third highest summit (Old Spec at 4180 ft.)

Some three hours after leaving Rt. 26, the party made camp off the Cascade Brook Trail, which skirts the base of the 800 ft. drop of the "Eyebrow." Here, packs were opened, tents set up and a quick meal of high-protein food had. Soon the last rays of the sun disappeared over Baldpate Mountain and a quiet descended over the campsite. As the moon rose, boots, extra clothing and food were packed into the tents and another quick glance at the A. M. C.'s "Maine Mountain Guide" gave clues as to distances the next day.

Monday included an early rise and fine views of Umbagog Lake, Success Pond, and the peaks of the Longfellow Range to the east and north. As the approach was made to the top, the snows deepened and soon a zigzag course up steep slopes barren in their white glare (most trail markers were still buried), made walking on snowshoes a hardship. For a while, the crew made trail in a direct line to the summit, using distant landmarks and the A.M.C. Cater-Mahoosuc map for reference. Finally, at mid-day, all were able to reach the observation tower and enjoy the incredible views of much of Maine and northern New Hampshire.

The remainder of the day included some rough going as the group made its way to Speck Pond between Mahoosuc Arm and Old Speck. A compass came in handy here, as several ridges were en-

PETITION FOR DISCONTINUANCE

To the Honorable County Commissioners of Oxford County, State of Maine:

We, the Selectmen of the Town of Upton, State of Maine, respectfully represent the Old Magalloway Road, so known as the Magalloway Road, that was laid out in 1838 (Vol. 2 page 308); an alteration in 1848 (Vol. 3 page 195), and another location laid out in 1854 (Vol. 4 page 33) is no longer of public necessity as this road was replaced by the road leading from Magalloway Plantation (ownership 5, Range 1) to Errol, New Hampshire via Route #16, to Upton Maine, via Route #26. We therefore respectfully request that said road be discontinued by your board as provided in Title 23, M.R.S.A. Section 2051 et sequi.

Description of that section requested to be discontinued: Beginning on the north side of the Dead Cambridge River, (foot of Mill Road) or Abbotts Mills so known in 1838, 1848 and 1854, to the North line of the Town of Upton (formerly Letter "B"), also being the south line of Township 5, Range 1 (now Magalloway Plantation).

For a more complete description of meets and bounds, see Volume mentioned above in first paragraph.

Dated this 21st day of April 1977.

NUTRITION MAGICIANS VISIT CRESCENT PARK SCHOOL

Through the Mystical Medium of Magic, approximately 200 students and teachers at Crescent Park Elementary School, Bethel, have been made aware of the importance of good nutrition.

Scott Wight and Jeff Mills of Telstar Regional High Schools Magic Club have formed an act called "Illusion." Together with Lynda Haegle of Oxford County Community Services, Community Food and Nutrition Program, they have co-ordinated a unique presentation that makes learning about good food both fun and memorable. This vehicle of nutrition education has been presented to

more than 1,000 students in Oxford County.

On Thursday, May 4, at the Red Coach Grill in Portland, Scott and Jeff will be the recipients of the 1978 Maine Volunteer Action Award. This achievement is awarded to only three groups from the state who demonstrate unselfish giving of themselves for the benefit of others and their community. For their participation with this Community Nutrition Program they are being recognized and surely all will agree they are truly deserving. Congratulations, Scott and Jeff.

With the approach of Tuesday and the deadline for the hike (friends were given approximate times of arrival and the general route to be taken) plans to enter the Mahoosuc Notch were canceled and the party began to descend from Speck Pond via the southern out-let (headwaters of Bull Branch). Snowshoes made walking cumbersome here and were soon removed to facilitate the steep angle of the trail which in late spring becomes a rushing torrent. Soon after reaching the base, the party encountered old logging roads running parallel to Bull Branch, which after several hours, led to the Twin Bridges site in Ketchum where the journey ended.

Through the trip, enjoyment of the wilderness went hand-in-hand with respect for its survival. As the days passed, an awareness of the extreme hazards of winter backpacking began to make its impression. Though surrounded by towns and several major highways, yet the group encountered dependence on equipment and sense of survival that give such journeys a strong personal impact.

North Paris

—Eveline Barrett, Corres.—

The month of April is going out like a lion and a cold lion. Maybe May will be nice and warm, grass will be green and flowers bloom galore. Lilacs will have to grow fast.

I hauled down the old boat that has graced the flag pole and put the flag up. It looks grand flying in all our winds.

Little Jason Cohen was at CM MC Monday for ear surgery.

Many from North Paris attended the 60th wedding anniversary party and dance for Mr. and Mrs. Alfred Morrill at West Summer Grange hall April 29. Every one had a wonderful evening, lovely refreshments and free dance.

Donald Pray rode to church in his antique car. I don't know the name of it but it's an oldie Ford 1924 or 1927.

Doris Lawrence was at Norway hospital Friday for x-rays.

Many relatives and friends from away were at the Hyam homestead Saturday and attended the grave side services for the late Phyllis Hyam at North Paris Cemetery.

Temperature all day April 30 was 32 and very cold wind. Lovely day for the start of stock car races—brr.

Callers at Lawrence's: Eveline Barrett, Mrs. Patty Bean, Lena Kangas, Bobby Faulkenham.

Joseph Barrett is still in special care at Norway hospital. May be home Thursday. Almost pneumonia. He finds that cigarettes are

Mr. and Mrs. Clayton Blake stayed with their grandchildren while their mother was in Florida.

Alan Fleet went back to school after being home since Thanksgiving recess.

Mrs. Romeo Baker walked my pigeon home and visited for a while.

Six deer were seen looking up the old apples under the tree near Eva Yates. The tree swallows and barn swallows, also Mr. Phoebe all called in this week.

It snowed real hard Sunday morning but it soon left. Here's a wish. Snow, snow go away and don't come back until a December day.
